COMPANY PROFILE

ABU SHREIKH CONTRACTING COMPANY (ASCC)

About Us

Founded in 1984 by Mr. Nabil F. Abu Shreikh, **ASCC** started as a road construction company and has grown into a full-service contracting firm. We deliver comprehensive construction solutions from planning to project completion, ensuring quality, efficiency, and on-time delivery.

With nearly 40 years of hands-on experience, we focus on building lasting partnerships with our clients, offering tailored solutions and innovative practices supported by a dedicated team and trusted professional partners.

Our Mission

Our mission is to deliver construction projects that set new standards of excellence. Every project we undertake is an opportunity to redefine construction management, providing client-focused, result-oriented, and customized solutions. At ASRC, no project is too large or too small; we bring quality, innovation, and efficiency to every assignment, ensuring satisfaction at every stage.

Our Vision

We aspire to be lifelong construction partners for our clients, design professionals, subcontractors, and tradesmen by consistently delivering innovative engineering and financial solutions. Through continuous growth in our capabilities, ASRC aims to demonstrate the power of technical expertise applied to practical challenges, setting benchmarks not only in Jordan but across the MENA region.

Services

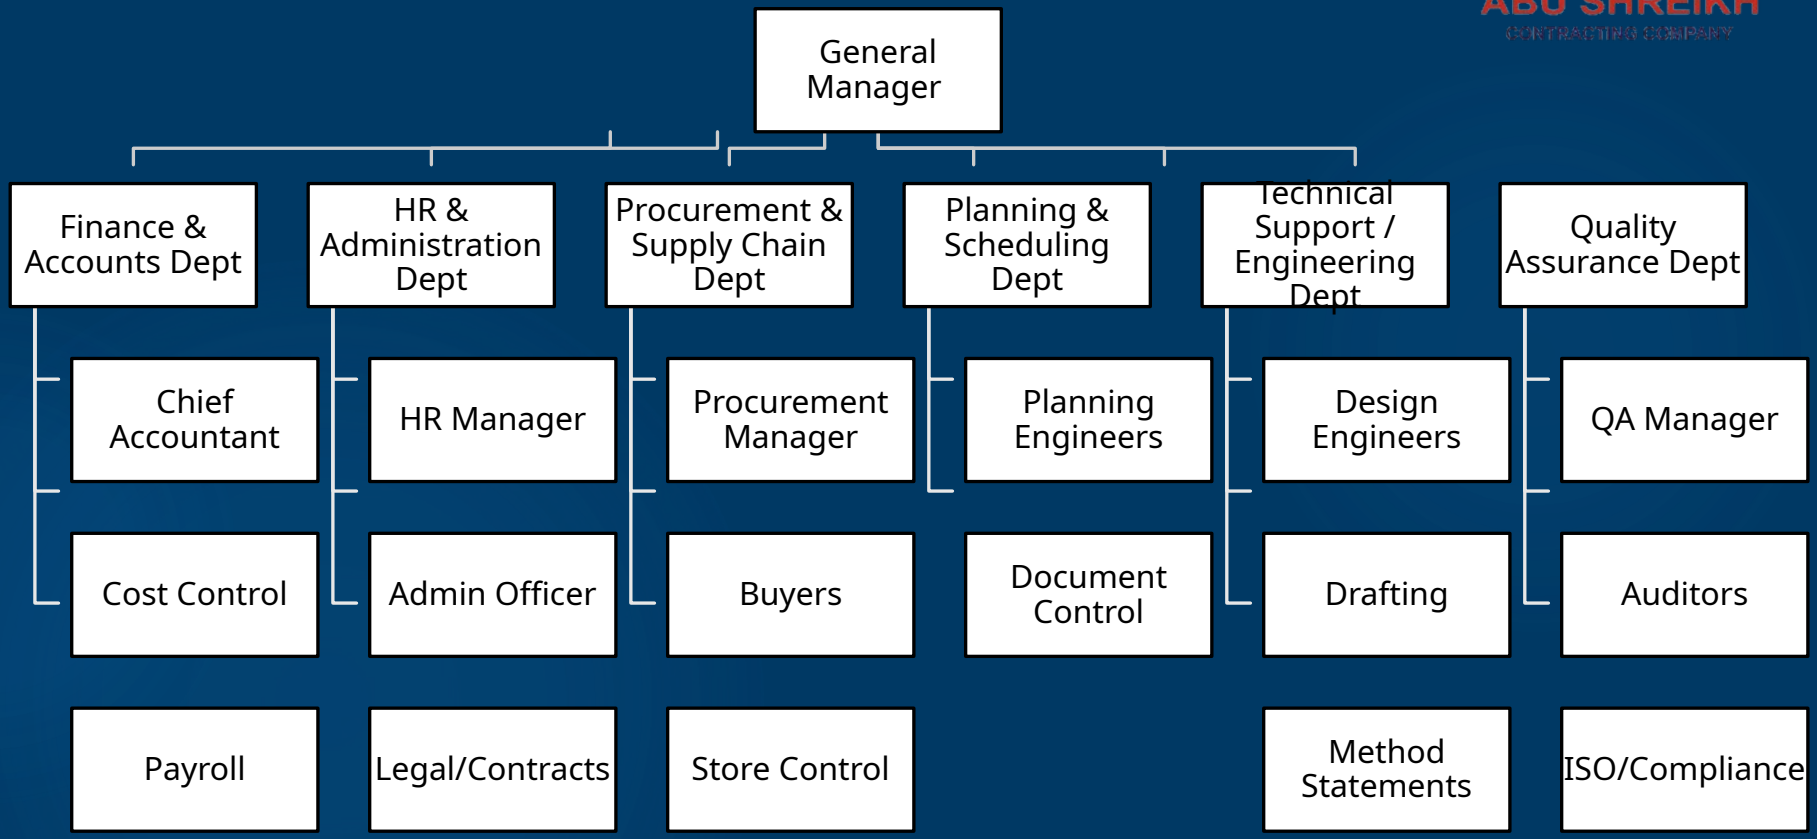

Abu Shreikh Contracting Company (ASCC) offers comprehensive construction solutions, specializing in roads, bridges, and infrastructure projects across Jordan. With decades of experience, we handle all aspects of construction, from earthworks and excavation to asphalt and concrete works, including bridges, intersections, and tunnels.

ASCC is officially **classified by the Jordanian Ministry of Public Works & Housing – Government Tenders Department**, holding **first-grade licenses** in the following categories:

- **Road Construction & Maintenance**
- **Asphalt Mixes**
- **Concrete Works – Bridges, Intersections & Tunnels**
- **Earthwork, Excavation & Mining Excavations**

This classification reflects our technical expertise, reliability, and ability to undertake projects of any scale, delivering them efficiently, safely, and in full compliance with specifications.

Organizational Chart

Resources

Equipment & Machinery:
- Earthmoving machines
